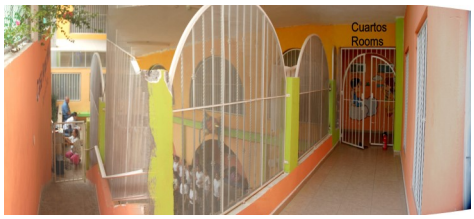
Who is Casa M.A.Mi MX?

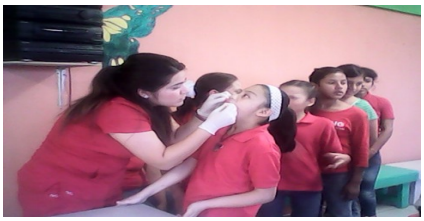
When you see information coming from Casa Mami Mx, know that you are in good hands! Casa Mami Mx is the U.S. side of supporters for Casa Hogar Mami. In order to give you tax receipts and to facilitate donations and grant monies, it was necessary to have a U.S. Non-profit board to over see Casa Hogar. Each month, Casa Mami Mx meets in McAllen , Tx to discuss budget, programs, problems and needs for the orphanage. 100% of every dollar donated to Casa Mami Mx goes directly to the care and feeding of the children of Casa Hogar Mami.

MISSION STATEMENT:

To meet the needs of homeless children or those living in extreme poverty. To give care and housing not only to the children but to help abandoned mothers and their children. To rehabilitate the lives of children physically, emotionally, and mentally wilt moral and psychological support with a family atmosphere. To teach young children and women to serve their community.

To carry out all actions geared to achieving these objectives.





Are You, Your Church, or Someone You Know Looking For An International Mission?

Located in one of the most violent border towns in Tamaulipas, Mexico, Reynosa has thousands of homeless and helpless children living in poverty and subject to violent crimes at the mercy of the streets. Casa Hogar MAMi is a Christian orphanage that cares for approximately 120 children every day. With a large staff and qualified supervisors, Casa MAMi provides shelter, food, clothing, dental and health care as well as psychological and loving, Christian guidance. Most of the children come to Casa Hogar through the social system~ picked up by the police on the streets or taken from abusive parents. Others come from the local dump site who have no other means of health care, food, clothing, or schooling. Every day while the older children attend school, the orphanage opens its doors as a daycare for single moms who couldn't otherwise go to work or pay for childcare. Additionally, on Friday evenings Casa Hogar MAMi hosts a parenting class in the orphanage facility. Approximately 40 to 50 parents attend a 1 ½ hour class where subjects include: moral values, personal hygiene, how to educate their children, health issues, keeping up with their finances, how to discipline children correctly. Afterward, a Bible study is offered. With the increased violence in Reynosa comes increased challenges to raise the funds needed to sustain Casa Hogar yet the needs become larger in order to get children off the streets. We ask you to consider Casa Hogar Mami as a place for your prayers, your donation dollars and if possible, your ability to sponsor future projects. There are successes and there are disappointments, however, each dollar raised is going to a promise ~ a promise by the Board of Directors in the US and Staff of Casa Hogar MAMi to give the best care possible for the impoverished children rescued from the streets of Reynosa.

We want you to get to know us, so please take a look and let us hear from you!

15,400

Number of meals prepared a month at Casa Hogar!
